

Aquatic Plant Management Society Announces Annual Student Paper Contests for July 2013 Meeting in San Antonio, Texas

The Aquatic Plant Management Society (APMS) is inviting student papers for the upcoming 53rd Annual Meeting of the Aquatic Plant Management Society. The meeting will be held July 14-17, 2013 at the Weston Hotel on the Riverwalk in San Antonio, Texas. Oral and poster presentations of original research on the biology or ecology of aquatic and wetland plants, control methods (biological, chemical, cultural, mechanical) for invasive exotic or nuisance native plant species, and restoration projects involving wetland or aquatic plants are solicited. There were 13 student presenters (4 posters, 10 oral presentations) from 8 different Universities at the 2012 Salt Lake City meeting and we want to surpass those numbers at this year's meeting!

The APMS has a strong ethic of student support. The society will provide all qualified attendees room accommodations (based on double occupancy) and complimentary registration. In addition, 1st, 2nd, and 3rd place prize money will be awarded in separate contests for both oral and poster presentations. This meeting presents an opportunity for students to develop their presentation skills, learn about the field of aquatic plant management, and network with key Government, University, Industry representatives and peers with similar educational and professional interests.

Please log on to www.apms.org to learn more about the Aquatic Plant Management Society and this year's meeting. Students may register and submit an abstract by following the instructions under the "annual meeting" link. The submission deadline for Title and Abstract is April 30, 2013.
